Rate adjustment on the A 11 Karawanken motorway

The section toll rates on the A 11 Karawanken motorway for vehicles with a maximum technically permissible laden mass of no more than 3.5 tonnes have been adjusted. The relevant changes are taken into account in Part A II, item 3 "Toll Rates".

Amendments to Appendices 4a–4l

From 1st January 2024, in addition to the EURO emission class, the CO₂ emission class will also apply as a rate-relevant characteristic, which is why new toll section rate tables have been added to Appendices 4.

Appendices 4a-4l have been adapted on the basis of the Toll Rate Ordinance 2023.
