

## HOW TO ATTACH THE STICKER

### Car toll sticker

Attach the vignette on the inside of the **windscreen** of your car. Our recommendation: at top left or behind the rear view mirror. The vignette must be **clearly visible from outside**. **Attention:** Do not attach the vignette in the tint strips!

### Motorbike toll sticker

Attach the vignette on a **clean and non-replaceable part** of your motorcycle (e.g. a fork rod or the tank). **Attention:** A vignette attached to a luggage case or a motorcycle bag is not valid.

### How to remove a vignette

It is best to lift a corner with a glass or vignette scraper and then slowly pull off the vignette. Moisten the remains with water and wipe off with a clean cloth.

WHY?**

- 1 No sticking on, no scratching off:**  
quickly and simply activated.
- 2 Broken windscreen? No problem:**  
The Digital Vignette is linked to the licence plate. And because there's no sticker, there's no need for a replacement vignette if your windscreen breaks.
- 3 Save money in the case of interchangeable licence plates:**  
You only need one single Digital Vignette which is valid for up to three vehicles.
- 4 Even better service with a subscription:**  
A subscription automatically renews the digital annual vignette until further notice. No more missed deadlines, no extra work, and a valid vignette at all times. Also applies to annual cards for digital section tolls.

## FOUR SIMPLE STEPS TO YOUR DIGITAL VIGNETTE

- 1 Go to **shop.asfinag.at** or use our free **Smartphone App**.
- 2 Choose between passenger car and motorcycle and determine the **period of validity**: 10-day, 2-month or annual vignette.

- 4 You can pay with credit card, PayPal, SEPA direct debit, eps/giropay or KLARNA.

**Drive safely and affordably on 2,249 km of motorway:** With an annual vignette, you can drive on Austria's motorways and expressways for **less than 26 cents per day**.
